

COPPERMILL CARE NEWS

Here we are again, with 5-months into 2016. Whilst we are awake and raring to go – it seems that sun remains sleepy, but the weather has not deterred us with our activities and enjoyment, with our own birthday celebration to Queen Elizabeth on her 90th year.

Feeling very patriotic we also enjoyed an afternoon with Tommy Parsons (Cockney Sparrow) in celebration of St. George's Day.

Special English meals were served throughout the day:
Full English Breakfast
Roast Turkey
Kippers on Toast
(as per request by our residents at the Activity/Menu Commission meetings)

Thank you everybody for support for the Easter raffle: (APRIL)

Winners:

- 1st: Kathy Uglow
(Staff – Carer)
- 2nd: Smith Family
(Relative)
- 3rd: Tina Johnson
(Relative)

All proceeds go towards activities.

~ MAY ~

An ambience of 'holiday fever' surrounded Coppermill on Monday 16th May with some of our residents travelling to Butlins, Bognor-Regis. A wonderful, fun time was had by all.

Those staying at the Home also enjoyed a good time, particularly the spectacular afternoon with singing and dancing with

Beverley Cassidy

Beverley is a versatile artist who can sing a wide range of songs from rock 'n' roll to pop, Motown, soft rock, classic ballads, chart hits, soft jazz and country.

Beverley performs to professionally created studio backing tracks and covers songs from the 50's, 60's, 70's, 80's, 90's and 00's as well as current chart hits.

In March 2010 Beverley Cassidy won the prestigious title of 'Holland America's Cruise Line American Idol'.

NOTES FROM THE MANAGER

I am pleased to report that all is well at Coppermill with welcoming of new staff, particularly the completion of the project on the 2nd Floor. It has been welcoming to have received good feedback from families/representatives. It is also rewarding that the Balmoral Wing has reopened and has become again a hub of the home.

In accordance with Coppermill's Action Plan:

Staff have completed training and understanding in:

- Mental Capacity Act
- Deprivation of Liberty
- Understanding Caring:
 - Dementia
- First Aid
- Health & Safety
- Infection Control
- Risks & Assessing
- Safeguarding

In July staff will complete training in: Moving & Handling and also Health & Safety

Good feedback has been received from staff with regard to the training supplied by Tim Dallinger, Social Care Consultancy.

Nominated Fire Wardens attended fire training in April, followed by all members of staff, which included use of fire extinguishers and evacuation procedures.

A fire risk assessment was also taken of the building – report awaited, but verbally the Home was commended.

Both Carmen and myself have attended various seminars involving the Care Quality Commission, working very closely with the Skills for Care and the London Care Support Forum, as well as attending the London Borough of Hillingdon Forum, all of which we gain insight into current legislation, new policies and procedures, which we put into practice at the Home.

All staff are informed of current legislation and procedures via staff meetings and also one-to-one in their supervision meetings.

It is now one year in partnership with our registered Pharmacy, with

which the Home has been well supported. During the 12-months medication audits have taken place with commendation.

One major change to report:

On the 12th June the contract with Connect Catering will come to an end with the transfer of the kitchen staff and catering responsibilities being transferred back to Coppermill. The management team are currently looking to invest in an electronic system to assist with catering legislation requirements and internal reporting, particularly contents within each meal, menu planning and food allergens.

Menus for forthcoming weeks are displayed throughout the home. Should you wish to receive menus in advance please can you notify Said:

PHOTOGRAPHS

Photographs are a wonderful memory with which our Activity Co-Ordinators like to reminisce with our residents; they also become a talking point.

May I kindly ask that should you **not** permit for your relative's photos (should they lack capacity) to be displayed on the notice-boards or downloaded on to the Coppermill website that you let me know, so that this

information can be recorded, this will eliminate any misdemeanours? It is also important that residents are protected in accordance with the Data Protection Act.

Coppermill10@yahoo.co.uk

SKYPE

Should you wish your service-user to facilitate SKYPE

Please can you notify Victor, Team Leader, who will ensure that the IT connection is made available.

Please may we remind you that Coppermill has no objection in the bringing of food-gifts, but ask that these gifts are acknowledged by the Senior prior to delivery to the recipient, this will eliminate confusion relating to dietary needs, allergies or weight control re: under/over-eating. Foods within their 'use-by-dates' can only be accepted, with request of avoidance of any hot pre-cooked meals. It is with preference that take-away hot meals are not brought in, to reduce the risk of food contamination and upset tummies. - all food at Coppermill is probed with meter-readings prior to serving.

THE HIDEAWAY -

Opening times:

Monday – Friday

9:00 am – 4:00 pm

Should you wish to hold a celebration in 'The Hideaway' – with notice we are able to open on a weekend. Please notify Lorraine.

VISITORS

IMPORTANT MESSAGE

We kindly ask that all visitors and family members sign in the registry book.

This book is our first port of call in the event of an evacuation. Please may I request your co-operation in this matter.

- *Respect & Dignity* -

Please may I remind everyone that we are guests to all service-users residing at Coppermill. Under no circumstances should any person enter a resident's room without their permission. Please may this instruction be abided.

POSTAL VOTING

All residents have an option to be involved in the electoral roll and postal-voting. Due to the confidential nature, it is at the onus of residents to arrange for their own personal postal-envelope to be sent. Sandi, Administrator, is more than willing to provide this service, upon delivery of the sealed postal-envelope; this system worked very well with regard to the recent General Election.

HISTORY:

***PAST & PRESENT
PROUD TO PRESERVE
THE ANCIENT NAME
OF MIDDLESEX***

16.05.1811

In 1811 the men from the Middlesex Regiment (The TV series starring Sean Bean was based on them) were part of the British forces fighting under the Duke of Wellington against Napoleon.

On the 16th May 1811 the Middlesex Regiment were entrusted to stop the advance of the French into Portugal or the British could have been trapped in Dunkirk fashion with their backs against the sea.

Instead of Dunkirk the village on the Spanish/Portuguese borders was Albuhera, and it was here the Middlesex men fought ferociously to keep at bay the overwhelming forces and might of Napoleon's army to give time for the British and Wellington to retrench.

The commanding officer of the young Middlesaxon fighters yelled at the height of battle "Die hard my men, die hard". After this tumultuous, history-turning event the Middlesex Regiment became known as the Diehards and on their Regimental badge are inscribed the words "Albuhera".

And this is one reason why the 16th May we should salute all the men of Middlesex who fought under their County's banner from their earliest recorded battle - the Battle of Hastings in 1066 right through English and British history to similar actions as at Albuhera in the First World War, World War II and Korea.

Sadly, the county of Middlesex has now been abolished, with formation of a Middlesex County Council.

Middlesex Day on the 16th May is central to the federation's attempts to make people realise the county, which it claims is England's third oldest behind only Kent and Essex.

May 16th has come to mean more than a battle for it has become the loadstone of perpetual Middlesex pride, lest we forget this is the name that men through over a thousand years of history have rallied to in England and Britain's defence.
